Description

Hafco CHS4S HSS Starter Turning Tool Set. These sets offer increased value for money over individually bought chisels and comprise the most popular and useful chisels, making them ideal choices for the vast majority of wood turners.

High Speed Steel (HSS) cutting material composite is W6Mo5Cr4V2, consisting of Tungsten, Vanadium, Molybdenum, Chromium, Sulfur, Phosphorus, Manganese, Silicon & Carbon.

These HSS tools have a very high resistance to wear & softening at high temperatures whilst maintaining a good toughness on the cutting edge, that's very crucial in a good quality turning tool as it keeps its edge sharper than normal carbon steel by a ratio of ten to one.

Features

- A great combination set of essential starter turning tools
- High Quality HSS, W6Mo5Cr4V2 steel & hardened HRC 60-65 allows sharp cutting edge last longer
- Ergonomically shaped handle design for better grip & comfort
- Blade secured into handle with brass bolster lock
- The chisels come in an attractive presentation and storage box

Includes

- 3/4" Roughing Gouge
- 3/8" Spindle Gouge
- 1/4" Deep Bowl Gouge
- 1/8" One Handed Parting
