ORDER CODE:

P163

Description

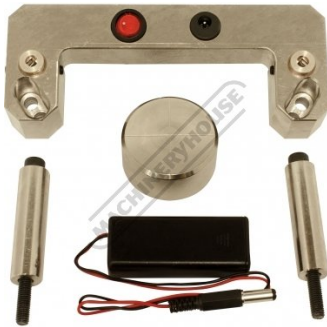

The new LG-PS laser guide system suits S & SD Sunrise punch & shear machines. It is a very accurate guide system for your punching station that projects two intersecting laser lines on centre & direct onto your work-piece, for quickly aligning your scribed lines.

Features

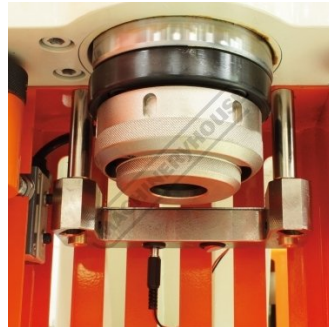

- No modification necessary for S & SD Sunrise machines
- Battery operated laser
- On/Off switch mounted on main body
- Includes die aligning tool
- Please Note: Requires 2 x AAA batteries
